

Health Space

Information for students with disabilities

To enable us to provide the necessary facilities and services, all prospective students with a disability and/or special needs must inform the school upon his/her registration application, by contacting :

The administration office of the concerned faculty or body.
The university administration office.
The school nurse.

Focus on

Where to go for medical care when studying at ICP? Download the guide: [Medical Care in Paris](#)

The health space offers a range of free services to meet students' needs.

Infirmary

Located in the heart of the Paris campus, the infirmary has a treatment room and a rest area.

The nurse offers a range of services to all ICP students:

health care,
listening and health advice,
specific and adapted care in the event of illness or emergency,
support for students with disabilities,
preventive health initiatives ("Smoke-free month", "Understanding endometriosis", "Hearing disorders", "Eating well", "Everything you need to know about addictions", etc.),
training initiatives, including "first aid" training (PSC1 certificate, in partnership with UGSEL IdF), and harassment prevention.
Student Health Relays are trained every year to help roll out these initiatives!
coaching if you want to stop smoking, manage stress, etc.

The nurse also sets up and coordinates preventive health campaigns with external partners (IFSI, Ligue contre le cancer, PsyCom, etc.) and specially-trained Health Relay Students.

Health surveys (physical and mental) are also carried out every year to keep in touch with students' concerns.

Opening hours: 09:00-13:00; 14:00-17:00

If the nurse is absent, please contact reception on 01 44 39 52 00 or consult the attached list of medical and dental health centers near ICP.

Contact : Courriel

All nurses and nursing students are bound by professional secrecy under the conditions laid down by law. Confidentiality covers not only what has been entrusted to them, but also what they have seen, read, heard, observed or understood. (Décret 2004-802 2004-07-29 art. 5 A JORF 8 août 2004)

Psychological support

The Espace d'écoute et d'accueil psychologique, the result of a partnership between the Ecole des Psychologues Praticiens and ICP, offers psychological support to students who request it. The primary objective is to help students free themselves from the worries of everyday life.

Consultations are confidential and free of charge for ICP students.

They take place by appointment from Wednesday to Friday.

Social Assistant

Emmanuelle Py is in charge of welcoming students with disabilities, in collaboration with the health department, and providing social support for all ICP students.

Opening hours for students - Office R02 :

Monday, Tuesday, Thursday: 9am-12pm / 1pm-4pm

Wednesday: 9h-12h / 13h-16h -only by appointment
